Your First Vivitrol Shot: What to Plan Ahead

Bring up at Your Visit

- Your goal: stopping or cutting back
- Every medicine, including pain medicine
- Any recent opioid use

Have These Checked

- Severe pain at the injection site
- Swelling or a hard lump
- Thoughts of suicide? Call or text 988

Keep With You

- A wallet card that says you take it
- A note on your phone's emergency screen
- Naloxone, because tolerance can drop
